A solution-focused and technically competent Software Developer with 1+ years of experience, highly skilled in JavaScript, Next.js, React.js, TypeScript, Node.js, Nest.js, GraphQL REST APIs, SQL and other technologies, combining hands-on development skills with a strategic project management mindset to implement the best strategies that improve workflows, services, and teams. Having developed technical solutions, I excel at driving all phases of challenging projects by transforming simple requirements into quantifiable growth and revenue, building innovative solutions from the start to spearhead goals, methodologies, and business continuity. Determined, committed professional, highly organized, and capable of working under pressure with progressive teams to implement solutions that performs.

Skills

- JavaScript, Next.js, React.js, React Hooks, Redux, Zustand, TypeScript, Prisma ORM, jQuery, AJAX
- Node.js, Node.js, Nest.js, JUnit, Jest, GrapQL
- REST APIs, Web Services, Stripe, CMS, WordPress, Docker
- HTML5, CSS3, Tailwind, SASS, Styled-Comp, shadcn/ui Bootstrap4, UI/UX principles, Figma, responsive design

- DB administration, SQL, MySQL, PostgreSQL, JDBC, ORM
- OOP Principles, Exception Handling, IDEs
- Agile Methodology, SCRUM, CPM, EVM, Nosbe, Office Suite
- Git, Git workflows, Version Control
- Project Management, Stakeholder Management Team Leadership, Project Planning

Professional Career

DECEMBER 2022 – PRESENT
Software Developer / Freelancer, Kraków, Poland

- Successfully created 8+ projects using cutting-edge technologies, ensuring performance and security following industry guidelines
- Designed and implemented UIs with JavaScript, React.js, and Next.js to ensure better user experience and cross-browser compatibility
- Built server-side architectures, performing integrations with databases, REST APIs, Web Services, and caching mechanisms
- Monitored and analyzed web analytics and performance insights, proposing improvements that were adopted and put into practice
- Documented code and processes, providing knowledge-sharing sessions to customers and their employees to improve internal flows

APRIL 2020 – NOVEMBER 2022
Project Manager / Buma AS, Oslo, Norway

- Managed project deliverables within the approved timelines and budget guidelines that helped in delivering high-performant solutions
- Effectively guided stakeholders and team members throughout the project lifecycle, providing leadership, motivation, and technical expertise that handled risk management, automated existing processes, and solve internal and external requests
- Proposed and implemented SCRUM and Agile methodologies that improved the productivity and overall efficiency of our projects

Projects

SpeedRent Store & Admin, Front-end, Admin, GitHub
Implemented a dynamic web application for car rentals, having a fully responsive front-end interface whose data is efficiently managed in real-time coordination with the store application via optimized GET and POST requests. The dashboard manages different components such as products, categories, users, payments, and others, ensuring a seamless user experience across multiple environments.
TECH STACK: Clerk, Stripe Payments, Prisma ORM, PlanetScale, Next.js, TypeScript, Tailwind CSS, MySQL, RESTful APIs.

DegustoVR, Front-end, GitHub
A highly scalable online store where users can sign up, manage their accounts, explore products, add items to their cart, and place orders. The design was built using Figma and Prisma ORM, PostgreSQL, TypeScript, Tailwind CSS, and Stripe were used to provide a modern, secure, and scalable application. The online store and its content are optimized for different devices, browsers, search engines, and users.
TECH STACK: Prisma ORM, Stripe Payments, TypeScript, Tailwind CSS, PostgreSQL, Figma.

Education

2016 - 2019
IT Technical School / Zespół Szkół w Rabce-Zdroju im. ks. prof. Józefa Tischnera, Rabka-Zdrój, Poland

Certifications & Courses

Title	Date	Title	Date
Front-end Expert	November 2023	The Complete JavaScript Course	January 2023
React – The Complete Guide	April 2023	Node.js 20 – Masterclass	2023
Advanced CSS and SASS	March 2023	Administrator of Windows & Linux Server Systems	June 2019

Languages

English – fluent, Polish – native.
